

# «Jardin de L'école du Plan d'Aou»

## Address:

L'école du Plan d'Aou  
13015 Marseille FRANCE

## Once upon a time...

- The school asked Amieu to create an educational garden in the school ;
- This educational garden began in March 2010.

## Objectives

- Education to sustainable development
- Learn the plants;
- Learn the vegetable garden;
- Learn composting;
- (re) discover the taste of vegetables from the garden.

## Activities & Events

- An event is organised un the garden at the end of the school year;
- Year round productions and educational garden production.

## Structure of the garden

- Surface: 100m<sup>2</sup>;
- Organisation of plots: 6 plots;

## Management

- Our gardener and our pedagogical organizer are present on the garden ½ day per week;
- The classes go through the garden (half groups);
- Each teacher has a complementary educational project, in relation to the garden, for each class.

## Our good ideas & practices

- We are proud of the fact that every pupil, without exception, came into the garden.

## Practical information

- Opening hours (make an appointment to visit);
- Access via school during school hours.
